Profile

A self-taught web developer with an avid interest in coding, designing, and creating things for the web. Detail-oriented, curious, and a quick learner. Can work independently but also know when to ask for help. And, is eager to apply the learnings and help build websites that people are going to use.

Projects

Product Page Tabs 2

Jul 2023

- Created a product's information tabs that become an accordion on mobile
- Followed a mobile-first approach
- Fully responsive design
- Used Bootstrap, JavaScript, HTML, CSS
